Summary Vengeance Taken by

At New Richmond, Ohio, twenty-five miles up the Ohio river from Cincinnati, at 4 o'clock yesterday afternoon, a mob took Noah Anderson, colored, from the jail and hanged him for the murder of Franklin Fridman, nearly eighty years old and president of the First National

Mr. Fridman was among the wealthlest men in Clermont county. He owned a number of farms and lived at Clermontville, about two miles from New Richmond. He was driving into New Richmond shortly after noon yesterday, when he stopped at one of his houses. Hitching his horse at the door yard, he went into an adjoining field, where he was suddenly attacked by Noah Anderson, a muscular negro, who had no weapon but his hands. With these he quickly bore the aged banker to the earth, and then ciutching his throat with the power of a demon, he literally chocked his helpless victim to death. When satisfied that the man was dead, Anderson fied. Soon the prostrate man was borne to the house and found to be past all help. He was already dead.

The news of the shocking crime traveled swiftly, for everybody knew Mr. Fridman. It was not long until Anderson was captured and taken to the New Richmond jall, where a great crowd quickly gathville, about two miles from New Richjail, where a great crowd quickly gathered. Anderson made no attempt to con-

ceal his crime.

He gloatingly told all the details and said he had given the old man what he deserved. It is said that Anderson was not right in his mind, and that one of his hallucinations was that Fridman had deprived him of a large sum of money. The truth is the two men had had no dealings together, as Anderson came to New Richmond on a shanty boat only a few months ago, and claimed to be a paperhanger.

The crowd about the jail soon became wildly excited. As the negro's confession became known, cries of "Lynch him," "hang the coward," arose.

Loomis, the master of ceremonies.

Mrs. James Elverson, jr., who, with her husband, is stopping at the Stockton, is as much admired as a matron as she was when, as Eleanor Mayo, her pictures fraced the mirrors of half the dudes of New York. Miss Mayo, it will be remembered, made quite a hit in "Princess Bonnie." Mr. Elverson is the brother of Madame Patenotre, the French minister's wife, and the son of the millionaire owner of the Philadelphia Inquirer. Mrs. Elverson looks very well clad in her bathing suit and riding a bicycle on the beach before taking a dip. eal his crime.

The crowd about the jail soon became wildly excited. As the negro's confession became known, cries of "Lynch him," "hang the coward," arose.

A rope was brought and the end seemed near. Prominent citizens addressed the mob, imploring moderation. Anderson was in his cell on his knees crying for mercy. The marshal, when a momentary lull came, attempted to take Anderson to a more secure jail at Batavia, the county seat. No sooner did the man appear outside the jail than the frenzied mob rushed at the marshal, and selzing the prisoner, bore him quickly to the nearest tree, and in a brief time he was dead. There was no masking, no attempt at concealment.

Every person present and engaged in the mob knew all the others. It was simply an act of frenzy under most aggravating circumstances. The murdered man was endeared to every citizen, and his taking off was so sudden that his friends and neighbors seemed to have lost their reason.

CABLE TO HAWAII. Contract Made by President Dole With

ratified the cable contract made by President Dole with Z. S. Spaulding, who will ask the next Congress for an annual subsidy of \$250,000. The contract signed by the Hawaiian government grants an exclusive franchise for twenty years, but pro-vides that the grant shall not prevent any foreign government having existing treaty rights with the republic of Hawaii allowing any such government so to do, to land ing any such government so to do, to land a cable upon the Hawalian group for other than commercial purposes, from any point on the North American continent.

The government agrees to pay the contractor an annual subsidy of \$40,000 for twenty years from the date of establishment of the telegraphic communication between Honolulu and a point at or near San Francisco and the Islands of Hawaii, Moloki, Mauri and Kaual, the subsidy to be paid in quarterly installments of \$10,000 each.

paid in quarterly installments of \$10,000 each.

Work on the cable must begin on or before the 1st of May, 18%, and the line must be completed by November 1, 18%, otherwise the contract is void. If Spaulding fails to obtain assistance from the United States, the Hawalian-government may cancel its contract. The company will be exempt from duty on material, taxes, and port charges, in addition to other privileges.

The maximum rates for messages, other than government messages over the cable, between Honolulu and San Francisco, shall be agreed upon in any contract which shall the made between the contractor and the United States government, not exceeding \$1 per word, and any contract with such government shall prescribe a maximum scale of rates.

EX-CONSUL WALLER'S CASE. A Peremptory Demand for His Release to Be Made.

There is good authority for the statement

that a peremptory demand will be made by the United States upon France for the release of ex-Consul John Waller of Tamatave, and that satisfactory indemnity will be required for his arrest and imprisonment, with a possible request for a commission to determine Waller's rights in Madagascar. The discussion of the case between the French and American diplomats has reached a point where it is said that there s little else for the United States to do owing to the fact that repeated requests for a copy of the charges and testimony upon which Waller was convicted have not been furnished by the French government. It was said at the State Department yesterday that the delay in the Waller case had been very annoving to the officials, and especially to Ambassador Eustis. The dilatory action of France in this matter is regarded as indicating that the French government has a very poor case, and will be unable to resist the demands made by the United States for the restoration of Waller to liberty and indemnity for his losses. A condition which makes the delay of France more aggravating is the fact that the department is aware of the serious illness of Waller in prison, and that his further confinement is harmful to his health. International questions generally move slowly, but the delay in producing papers and testimony in the case of Waller has been of a very exasperating kind, and has resulted in sharp pressure by United States officials to bring about a settlement, the belief being that a great deal of the delay has been largely unnecessary. Some of the reports which have been received at the denartowing to the fact that repeated requests

He said that not only the working class and the mechanics were becoming interested in the single tax movement, but also representative people in all stations were heartily in favor of it. During the past week a number of speakers have addressed large audiences in Delaware, and meetings have been held in Wilmington every night. Prof. Longstreet, who, it is claimed, has converted a large nursher of people in Prof. Longstreet, who, it is claimed, has converted a large nursher of people in Texas to the single tax doctrine, has arrived in Delaware with a big tent, which will accommodate about 3,000 people, and intends to make a thorough canvass of the state. They had been installing the arc electric lighting for the opening of the big show building September 2, with Barnum & building September 2, with Barnum & Bailey's circus. Several vatchmen had just made their rounds of the interior, and were standing under the walls, which are unusually low for the size of the building. They, happened to be on the sircet side, and when the crashing superstructure of iron gave warning of danger, they had plenty of time to rush to a place of safety. HEALY IN CONTROL.

Members of the McCarthy Party Away From Their Posts.

The London Times notes that, although the Dillonites have five members in the consultative committee of the Irsih party, Mr. Davitt has gone to Australia and Mr. Blake to Canada, while Mr. Sexton has not yet deigned to appear at Westminster. Mr. Healy, with his two active supporters, therefore, has an actual majority. Arthur O'Connor and Knox are, besides, the most obnoxious to the Dilonites after Mr. Healy himself. It need hardly be said that Mr. Healy fully appreciates the strength of his position. For the present he is the actual, if not the titular, leader of the party. Therefore it is with him, rather than with Mr. McCarthy or Mr. Dillon, that the government has to count. If Mr. Healy's threats are executed the session may last longer than the government anticipates. Australia and Mr. Blake to Canada, while

Activity in Pacific Coast Naval Matters There is considerable activity in Pacific coast naval matters. Orders have been issued to make as rapid progress as possible in the repairs on the Boston and Adams, both at Mare Island. Work has been pushed also on the Hartford, and the Philadelphia, which arrived from Honolulu a month ago, can be made ready for sea in a very short time. The Olympia, which has been ready for sea for several days, and was expected to go to the Asiatic station to relieve the Baltimore as flagship, is still at San Francisco, and no explanation has been made why she does not sail. It is possible that she is held until the other ships now undergoing regar are ready for sea. It is that she is held until the other ships now undergoing repair are ready for sea. It is reported about the department that the work of repair is being pushed in order to have vessels for the South Pacific ready in case there should be actual hostilities between Peru and Bolivia. The Alert, now at Panama, could be made available for scrvice, and possibly the Ranger, now at Guayaquil, but as long as there is fighting in Ecuador it is probable that the Ranger or some other vessel will be kept in that vicinity. The Boston is not now in commission, and it will take a month to get her ready for sea, while with the Adams it will take still longer.
